## CONRAD ART

The first floor lobby features rotating art exhibits by local and prominent artists. Currently on display is an art exhibit by New York Artist Jody Rasch. Part of an avant-garde movement called "art-sci" which fuses art, science and technology, Rasch transforms images from astronomy, physics and biology, creating work that is both representational and abstract. Rasch utilizes a variety of techniques and media, including oil, acrylic paint, pastels and colored pencil. To learn more, visit our Concierge.

## TEAM MEMBER SPOTLIGHT

Get to know our Conrad New York team as we share their stories in our monthly newsletters. This month, we highlight Melissa Lombardo from the Human Resources department. She shares how NYC and her role at Conrad New York keep her inspired.

**MELISSA LOMBARDO**  
DIRECTOR OF  
TRAINING & TALENT  
ENGAGEMENT

Visit our social media pages for our #FeatureFriday posts each month to learn more about our team members.

**CAN YOU TELL US MORE ABOUT YOUR BACKGROUND?** I have been with Conrad New York for more than five years and have worked in hotels for almost 11 years—I love every minute of it! What people are often surprised to learn about me is that every August, my extended family reunites to make tomato sauce and jar it for the coming year. My family immigrated from Italy more than 35 years ago, and that is one of the traditions that has never wavered. Believe it or not, despite jarring more than six bushels of tomatoes, I am down to my last two jars. Luckily, my family's "pomodoro party" is just weeks away!

**WHAT DO YOU ENJOY MOST ABOUT HUMAN RESOURCES?** I have always thought of team members as extended stay guests. I love building relationships, laughing together and being a part of their development experience. I enjoy collaborating with departments in the hotel to curate training programs that make a positive impact on our teams, which can positively impact our guest experience. Of course, we always make time for a little fun!

**YOU ARE VERY FAMILIAR WITH LOWER MANHATTAN, WHAT ACTIVITIES WOULD YOU RECOMMEND TO GUESTS?** I have to recommend for our guests to allow themselves to be immersed into all that NYC offers. There are always so many new opportunities and adventures to discover. A game I like to play is called "subway roulette", through which you pick a random subway line and exit at a stop you haven't previously discovered. Recently, this landed me at Taiyaki in Chinatown, where I treated myself to an ice cream in a fish shaped waffle cone. Perfect for a hot, summer day!

**WHAT IS YOUR FAVORITE CONRAD 1/3/5 INSPIRED EXPERIENCE IN NYC?** I would have to choose Oysters on the Hudson with Grand Banks, one of our 1 hour experiences, but I am continuously discovering more!
